

Exchange Student Grad Writes to U.S. Parents

(The following is a letter from Miss Aud Klevin, who was graduated from Torrance High School in June 1962. While in Torrance she stayed with the C. W. Bartholomew family. Perhaps this letter will help to demonstrate the aim of American Field Service in building friendship between all the people of the world.)

First I have to tell you about the AFS dance last night. I am so happy today because it

went so well. Grete—the other AFS returnee at my school—and I arranged the dance all alone and you can imagine how busy we've been the last week. Three o'clock Saturday afternoon we started to decorate the gym and it was only fun doing it. On the stage we placed American and Norwegian flags together and I hung my AFS pennant (I bought it in N.Y.) between them. On the wall we had maps, pennants and things we had picked up on the trip. We also had two

tables on which we put our scrapbooks, yearbooks, diplomas, etc., and everybody was interested.

Grete and I showed slides and told about the big country and nobody wanted us to stop. But finally we started dancing and everybody thought the dance was a big success. And we got quite a few money, too, that we're going to send AFS, of course. Grete's and my dream you know is that Orkdal Sandsgymnas can receive an American student for the

whole year. That would be just fabulous and we're now looking for a family and trying to raise money. But the only purpose with the dance was not the money, but also to give the students a breath of America and AFS, and also make an American atmosphere to the dance. And now I'm going to tell you something so you're going to jump. Grete and I sold Coca Cola and popcorn! Everybody was wild about it and we made big money, of course. Grete and I had to go

through every store in Trondheim before we finally found one that carried imported popcorn, and I think the storekeeper thought we were crazy when we bought 10 boxes!

DID I TELL you that I also made some money for my father and he was crazy about it, too. This was the weekend the 8 and 9 of September because I went home that weekend although we did not have any day off at school. I went home because my footlocker

had arrived and I couldn't wait to open it, you know. It sure was an exciting moment when I opened it and on the top were my formals you know, and I HAD to put on the long one at once. It was just as beautiful as I remembered it. You should have seen my family when they saw it.

Last Monday we had a boat trip for the whole school and we went to Steinkjer to visit another school there. We danced on the deck (we were 10 hours at sea) and sang and

made a lot of new friends. We played Steinkjar's team in soccer and though we lost, the spirit we had was tops. Grete and I made up a cheer for Orkdal and the way you do it at the football games and I guess we chose ourselves for cheerleaders when we led the cheers.

AND I SAY it worked. We just about screamed the opposite team off the field. So when we lost, we could at least brag about creating the loudest. It sure was fun.

I have to stop pretty soon because it's late and my hand is so tired. Well, goodnight Mom, Dad, Karen, and Bill. Love always, AUDDIE
